- If you wish to apply for a gender-neutral floor, be sure to indicate in the remarks field that you wish to move into a gender-neutral floor in Mitaka International Hall of Residence in your application through OSTA. If there is no such entry in the remarks field, the selection will be based on the gender applied for through OSTA.

- Doctoral course students at UTokyo, including newly enrolled students for their doctoral studies from 2024 autumn, are also eligible to apply for the Oiwake International Village. For the details, please refer to the UTokyo Housing Office website. However, applicants will need to note that they are not able to double file their applications for the Oiwake International Village and the International Lodges/International Halls of Residence at the same time.

○Application Eligibility

- Applicants who have lived in either one of the UTokyo Accommodations for more than six months* in the past three years are not eligible to apply. If you have been or are a resident, please indicate so in the "Notes" column on the online form along with the name of the dorm and the length of your stay. Please note that any false entries may lead to the invalidation of the given room permit.

* Even if the use of the room had only been for one day during the corresponding month, it is to be counted as a month's stay in terms of occupancy.
